

My snowman has two big black circle eyes and an orange carrot nose. His mouth consists of seven small black dots. My snowman is smiling. He has three white snowballs for a body. The first snowball is small, but not too small; the second snowball is medium but a good size medium. And his last snowball is bigger than all the other snowballs.

He has two brown twigs for arms. They are skinny and he has three fingers. On his middle snowball he has three big black buttons in a straight line. He has the same thing on his last snowball except those are a little bit bigger.

They background behind him is a grayish blue. He doesn't have any other accessories like a scarf or hat. Thank you for reading my instructions, I can't wait to read yours!
